Proiect Introduction

“Bunătăți din Ardeal & Maramureș” is a modern e-commerce platform created to promote authentic Romanian artisanal products from Transylvania and Maramureș. By providing local farmers and small-scale artisans with an accessible digital presence, our platform acts as a bridge to the modern consumer. The platform connects local producers with customers looking for authentic Romanian products while supporting small businesses and preserving local traditions in the digital age.

- Products will be available for purchase directly from manufacturers.
- Custom-made products can be ordered in advance.

OUR STORY

About us

Goodies from Transylvania & Maramureș was born from the desire to bring closer the tastes, traditions and authentic crafts of northwestern Transylvania.

Romanians, Hungarians, Swabians and other communities who have contributed to a rich and diverse culinary heritage have lived together in this region for generations.

Through this store we promote local producers, family households and small artisans who keep traditional working methods and respect for quality.

The offer is gradually developing with traditional products, regional specialties, handicrafts and objects that preserve the identity of the place.

Future Roadmap

- Optimized Operations:

Full integration of secure online payment gateways (Stripe/PayU) and live delivery tracking.

- Cultural Curation:

Expanding with specific Hungarian and Swabian traditional recipes (Satu Mare heritage) to reflect the true multiculturalism of the region.

- Vintage Marketplace:

Automated pre-order forms for rare antiques, connecting collectors directly with village craftspeople. A section dedicated to collectors and history enthusiasts. We want to serve as a bridge to traditional vintage items, such as oil lamps, pendulum clocks and folk costumes.

- Content: Recipe blog & local tourist guides.

- Scale: Subscription boxes for seasonal goods.

- Multilingual support: RO, EN, HU, DE.

Final Thoughts

"Tradition is not the worship of ashes, but the preservation of fire."
